

Our Commitment

The European People's Party (EPP) is committed to promoting gender balance, equal participation, and a respectful working environment. To support these objectives, the EPP has adopted internal policies and procedures, including a Gender Equality Policy and Anti-Harassment and Anti-Discrimination Policy, which promote fair representation, equal opportunities, dignity, and respect for all individuals.

As part of our transparency obligations and commitment to openness, the overview below presents the gender composition of our Members of the European Parliament (MEPs), together with aggregate representation figures.
